

Jungle Friends Internship

Description and Application Procedures

Jungle Friends is a 501-(c)-3 non-profit sanctuary and home to over 100 new world primates (capuchins, squirrel monkeys, spider monkeys, marmosets and tamarins), most of which are ex-pets or retired from laboratory research or entertainment. We rehabilitate and socialize the monkeys with their own species. The males have vasectomies to prevent breeding.

Jungle Friends is located on 12 acres just outside Gainesville, Florida. The sanctuary is managed by the Founder/Executive Director, who lives on-site. There are generally four to six interns who also live on-site. Your own transportation is not required, but is recommended.

Your work will include general husbandry, cleaning, and feeding. It will also include building & repairing habitats, general grounds maintenance, and other labor or special projects as needed. You will participate in meal preparation and clean-up for communal meals, and are expected to keep your own quarters and shared living areas clean and neat.

Sanctuary work is labor intensive. Summer days in Florida are very hot and humid and in winter temperatures can drop to the 20's. The working hours are long, usually sun-up to sundown. In the summer this can mean 6:00 a.m. to 9:00 p.m. In the winter, heater checks are performed throughout the night. The work is demanding and can be stressful, but the rewards are great!

Qualifications

We are looking for very special people. You must be friendly and have good communication skills, work well with others and have the ability to lead others as well as follow. You must be even-tempered and down to earth. Interns are expected to embrace the communal, family-living style at the sanctuary while they are here. The successful intern will come to Jungle Friends with an open mind and open heart, ready to work hard and become a part of the Jungle Friends family. The number one rule at Jungle Friends is: the well-being of the monkeys always comes first!

We ask that intern applicants come to Jungle Friends for a 10-day trial period to evaluate your suitability for this position. If this is not possible, an exception can only be arranged through Kari Bagnall, our Executive Director. You must be in a position to make at least an 8-week commitment to Jungle Friends. Our internships are from 8 weeks to 1 year. We prefer longer internships.

Due to safety considerations, we will not consider applicants who smoke. An intern who is found to be smoking, whether on- or off-site, will be asked to leave immediately.

Internship Cost and Accommodations

There is a fee of \$75 per week of internship, to be paid in advance. For longer internships, the fee drops to \$50 a week after 4 months. Following the trial, the fee must be paid in full in order to reserve the dates for your internship. Scholarships may be available in cases of hardship.

Room and board are provided at the sanctuary. This is a vegetarian organization. No meat is allowed to be consumed, cooked or stored on Jungle Friends premises, and no animal products can be purchased for use at Jungle Friends. Jungle Friends opposes exploitation of animals.

After completing a 4-month internship, you may apply for a 1-year apprenticeship, which receives a \$500/month stipend. Apprenticeships are limited and awarded at the discretion of the Executive Director. Completion of an entry-level internship does not guarantee that an Apprenticeship will be awarded.

Welcome to Jungle Friends Primate Sanctuary!

We are happy to have you as one of our valued interns. It is dedicated people like you who are willing to give their time and expertise that enable us to maintain a home for all our rescued primates. The monkeys are a huge responsibility and need us to care for them since humans have made sure they cannot care for themselves. The work is hard, the hours are long, the climate is hot and humid and the monkeys are not cuddly or appreciative. I can be very demanding and the monkeys will always come first. It can be very frustrating at times, but the rewards are immeasurable.

You will feel a sense of immense joy and accomplishment knowing that you are part of the Jungle Friends team - a team that is dedicated to bettering the lives of captive monkeys and to educating others of the need to protect these wild creatures' natural habitats.

When a monkey first arrives at Jungle Friends, his or her physical and psychological condition can be heartbreaking. Self-mutilation, pacing, and fearfulness of his or her own species *and* humans are just a few of the neuroses that are commonly seen in abused and neglected captive primates. Upon seeing that same monkey slowly progress into a playful monkey that is socialized with his or her own species, the emotions you will undoubtedly feel are well worth the blood, sweat, and tears that you will inevitably shed during a long rehabilitation process.

For the well being of our jungle friends, we must maintain and enforce strict rules. Not following the rules, not complying with your immediate supervisor or insubordination could result in your immediate termination. We have a zero tolerance for malicious gossip or complaining to anyone who cannot help you. If you have a problem with someone, get with that person; if it is something that you cannot take care of on your own, get with me.

We ask that you arrive for all of your shifts on time, as it is important to the care-giving schedule, as well as the monkeys' emotional well being. We understand that you have a life and responsibilities outside of Jungle Friends; in turn, please understand that this sanctuary is the monkeys' entire life and existence. Let kindness be your guide.

Please read the rules carefully, and if you have any questions regarding a rule or why it is so important, please ask me or a staff member. Everyone is here to learn, so please ask as many questions as you like; only by learning more about these fascinating monkeys can we help them.

We look forward to seeing you and are sure you will find your experience at Jungle Friends fulfilling. You will create memories at Jungle Friends that will last a lifetime!

Thank you and lots of monkey love,
 Kari and the monks

JUNGLE FRIENDS PRIMATE SANCTUARY RULES

LEAVE YOUR EGOS AT THE GATE!

A successful caregiver at Jungle Friends is here for the monkeys

Please read the rules below and sign at the bottom, therefore acknowledging that you understand them. These rules are for your safety and the well being of the monkeys.

1. Due to insurance and health considerations, smoking is not permitted at Jungle Friends.
2. DO NOT come within 3 feet of the monkeys' habitats or put your hands on or in the enclosures.
3. DO NOT talk to any of the monkeys without specific permission from the team leader in charge.
4. DO NOT run around the premises or make loud noises - be respectful of the monkeys' space. Some monkeys do not like to be stared at, if they make it apparent that they don't want your company, avert your eyes and walk away. Please be considerate of their ways of communication.
5. DO NOT go into any enclosures where monkeys are present.
6. DO NOT come to Jungle Friends if you are ill or have a canker/cold sore, as you can transmit viruses.
7. DO NOT feed the monkeys or pick up and hand them food they drop. We must know exactly what they eat so that their diet remains balanced; we have several monkeys that require special diets.
8. Never touch the monkey's food once it is in their possession. Never hand food to the monkeys, as it can cause fights between them.
9. DO NOT ever take anything away from a monkey. If it is something they should not have, let your team leader know immediately.
10. DO NOT touch each other or hand anything to another person in the monkeys' presence.
11. When and *if* Kari or your team leader gives you permission, always talk to the monkeys in a low soothing voice. Monkeys are quiet creatures and communicate more through gesturing than vocalizations. Never use any negative words (such as no, don't, stop, bad, etc.) or argue in the monkeys' presence.
12. If you take something into an animal's space when cleaning, always remember to take it out, i.e. rags, brush, bucket, scissors etc.
13. While cleaning a habitat, always make sure the outside entry gate is closed while inside.
14. Always lock habitats before leaving the area, and have your locks double-checked by a team leader, who alone may give the monkeys access back into the area.
15. Always close gates and doors after entering or exiting.
16. Clean up after yourself and put away everything you use. A clean sanctuary is a happy sanctuary!
17. There is a sign in sheet. Always sign in and out.
18. If you do not understand the rules or have questions or concerns, please talk to Kari or our carestaff.

Jungle Friends Primate Sanctuary

Gainesville, FL 32653

(386) 462-7779, (386) 418-0808, (386) 418-0106

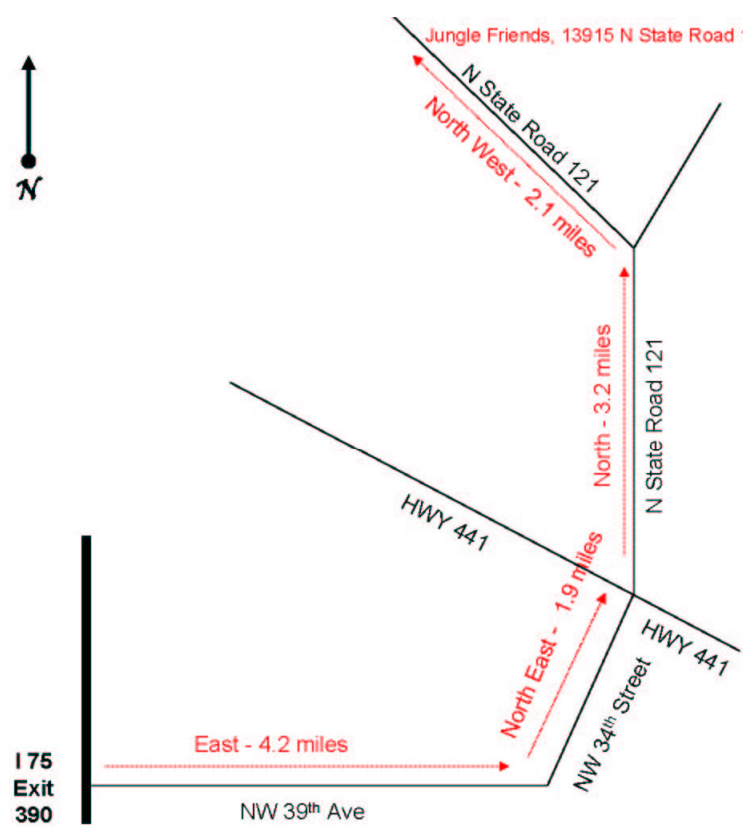

You will find a map on the website: www.junglefriends.org/map.shtml

From Gainesville...Get to the corner of 441 (13th Street) and 121 (34th St/22nd St); the highway patrol station is on this corner. Go north on 121, toward Lacrosse, for 5 miles (use your odometer). You will come to a fork in the road, stay to the left *on* 121, you are now only a couple of miles away, start looking for the yellow "Monkey Crossing" sign on our mail box post, we are on the right. (If you see 142nd Ave you've gone too far.) As you turn in the driveway you will see a Jungle Friends sign with an arrow pointing to the parking lot. Park near the walk-through gate, call us on a cell phone to unlock the gate or ring cow bell, we *should* hear you.

If you are traveling North on I-75...get off on 222, exit 390 (also known as old exit 77) go right (east) on 222 (also 39th Ave) 4 miles to 121 (also 34th street) and go left toward Lacrosse, continue 7 miles and we are on the right. You will come to a fork in the road, stay to the left *on* 121, you are now only a couple of miles away, start looking for the yellow "Monkey Crossing" sign on our mail box post, we are on the right. We are just this side (south) of 142 Ave. You will see our sign as you turn in, just follow the arrow and park near the walk-through gate and call us on a cell phone to unlock the gate or ring cow bell, we *should* hear you.

If you are traveling south on I-75... you will want to get off on Exit 79 and go east. They are changing the exit numbers, but it should still say "old 79" so be aware of that. I believe this is CR 236. You will proceed approximately 10 miles on CR 236 until you run into SR 121. When you run into SR 121 take a right so you are traveling south. Go approximately another 10 miles. You will go through the town of Lacrosse and past NW 156 Ave. When you pass NW 142 Ave. start slowing down because we are the second mailbox on the left, start looking for the yellow "Monkey Crossing" sign on our mailbox post. Pull into the driveway, follow the arrow and park near the walk-through gate and call us on a cell phone to unlock the gate or ring cow bell, we *should* hear you.

If you are traveling south on State Road 121... from Lacrosse, we are about 4 miles on the left the second driveway past 142 Ave. (see above).

1. From I 75, turn east on exit 390 (mile marker 390) onto NW 39th Ave.
2. Travel 4.2 miles (east) and turn left on NW 34th Street.
3. Travel 3.2 miles (north-east) to HWY 441.
4. Cross HWY 441. NW 34th becomes N State Road 121.
